

VALE.

Readers will remember Dr. John Lacon and his wife Ina. Dr. Lacon was GMO at our hospital some years ago and was also a very keen bowler.

Three years ago he and Ina spent two weeks with Bonnie and Kik Quintal holidaying and renewing acquaintance with their many friends.

Word has been received that after a long illness, Ina passed away on Friday 22nd November.

We send our deepest sympathies to Dr. John and his family in Queensland.

Bonnie has kindly loaned us the photo of Dr. John and Ina on their last holiday on Norfolk.

.....
