1 Message from the Administrator

I am pleased to present, the 2022-2026 Delivery Program. The Delivery Program sets out the actions that we are committed to undertake over the next four-year term.

This plan will provide the direction to deliver the agreed outcomes of the Council in line with the objectives of the Community Strategic Plan (CSP) 2016-2026, the Norfolk Island 9-Point Strategic Action Plan 2020-2024, the External Audit Findings (EAF's), and conclusions of the 2021 Public Inquiry resulting in the need to increase land rates by 38% in 2022-2023. The necessary increases to land rates are coming off a very low base and are to be expected. There is also a significant increase in the waste management charges. The increase of 125% takes the waste management charge for the 2022-2023 financial year from \$800K to \$1.8M. This is necessary to ensure that Council recovers the full cost of operating the waste management centre and continues to act in an environmentally responsible manner.

Given the Council is under Administration until December 2024, it is imperative that the Delivery Program focuses primarily on the Council's Transition to Sustainability (T to S). Therefore, all objects and actions set in this document over the next four years combine together to ensure this is the outcome of the Council's collective efforts during this time.

The targets in the Delivery Program move us towards our vision: *Norfolk Island – the Best Small Island in the World* and will continue to provide a direction for lobbying and negotiating strategic outcomes for the Council to continue to make the most of grant funding opportunities.

The Community Strategic Plan details areas for action that fall within Commonwealth and State areas of responsibility. Whilst Council has no direct control in these areas, we can play an advocacy role and this Delivery Program details many areas that we will undertake this important advocacy function. The community will be able to monitor the progress of the Delivery Program. Reports will be issued to Council quarterly on the progress with respect to the principal activities detailed in the Delivery Program, and the achievements accomplished will be included in the Council's Annual Report.

I look forward to working with the management team and the community during the time of Administration to achieve the community's vision and goals.

Mike Colreavy
Administrator

2 Vision, Mission, Culture and Values

Vision

“Norfolk Island – the Best Small Island in the World.”

Source:

“If a concerted effort were made, backed by larger financial resources, the community could turn the very small area of the island to its own advantage by converting Norfolk Island into ‘the best small island in the world’, a model haven of considerable beauty, of unique historical interest, of a thriving community, and of rest and relaxation – which are the objectives of the overwhelming mass of the tourists who make the journey to its shores.”.

(Professor G J Butland - Population Study of Norfolk Island dated 31 March 1974 commissioned by Commonwealth Government).

Mission

The Norfolk Island Regional Council will provide local civic leadership and governance through good decision making, accountability and transparency.

We will protect and enhance our unique culture, heritage, traditions, and environment for the Norfolk Island people. We will do this through promoting a healthy and sustainable lifestyle, by looking after our community assets, and by fostering a prosperous economy.

Culture

During January 2016 the Administration of Norfolk Island engaged a consultant to conduct Culture Health Workshops with its staff. The key actions identified to ensure an improved organisational culture were:

- Improve communications;
- Promote Island culture and traditions;
- Develop a Strategic Direction for the Public Service;
- Training; and
- Encourage and empower all staff to focus on the positives.

Values

The Norfolk Island Regional Council embraces the following values that were developed in a workshop with the elected Councillors (I CARE):

Integrity Communication Accountability Respect Excellence

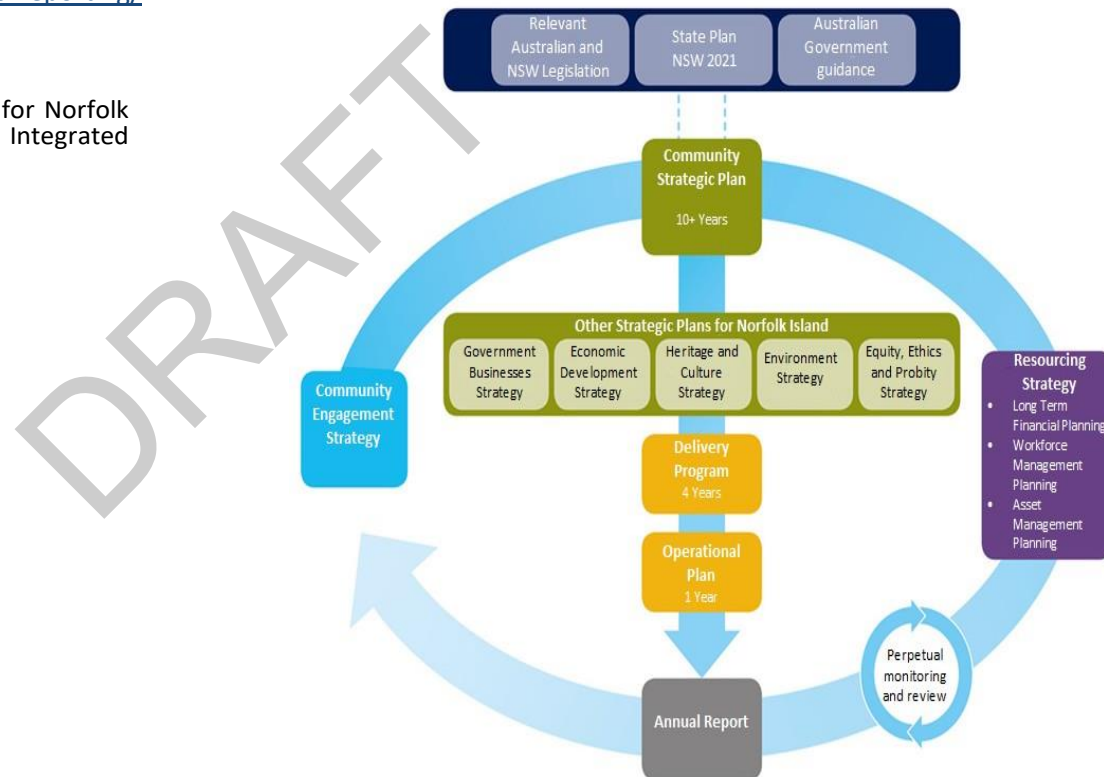

3 Integrated Planning and Reporting

Integrated Planning and Reporting (IPR) is a framework for planning and reporting which was introduced by Local Government across New South Wales. The framework for Norfolk Island Regional Council is a modified version of the New South Wales (NSW) Office of Local Government’s (IPR) Framework.

The following is a link to the NSW Office of Local Government website providing further information on the Integrated Planning and Reporting Framework:

3.1 How to Read this Plan

This plan combines Council’s revised Delivery Program 2022-2026 and Operational Plan 2022-2023. Together they show how Council will contribute to delivering on our community’s vision and goals outlined in the Community Strategic Plan (CSP).

This plan is divided into the service areas of Council, under Five Strategic Operational areas. Each service area has identified the core business and key projects that will be delivered, with the resources available.

The Tasks within the Delivery Program 2022-2026 and Operational Plan 2022-2023 are linked back to the Community Strategic Plan (CSP), the Norfolk Island Regional Council Strategic Action Plan, the External Audit Findings (EAF’s) by Grassroots Connections Australia Pty Ltd and Nexia Australia adopted by the Interim Administrator on 24 February 2021, and the Public Inquiry.

This plan also includes Council’s financial information for 2022-2023 including budgets, capital program and revenue policy, and Fees and Charges.

The Community Strategic Plan (2016 - 2026)

The Community Strategic Plan (CSP) is our strategic and aspirational plan for the Norfolk Island community and for the Council. It sets out a long-term vision for the Norfolk Island community along with meaningful and measurable objectives and strategies. It has been developed through consultation and engagement with the community and reflects a positive and future focused approach to strategic and collaborative planning. The Draft Operational Plan activities identifies the link to the CSP 2016-2026 objectives.

The Norfolk Island Community Strategic Plan 2016-2026 identified six strategic directions and thirteen objectives. These are outlined in figure 2 below.

Figure 2 – Norfolk Island Community Strategic Plan excerpt

Norfolk Island Regional Council Strategic Action Plan 2020-2024

On 5 February 2020 the elected Council held a workshop to provide the newly appointed General Manager, Mr Andrew Roach, with a strategic focus for the term of his contract. The workshop distilled years of reports, research and debate into a focused articulated plan that would provide both the Community and Council a framework for success.

This document will continually provide a direction for lobbying and negotiating strategic level outcomes for the Council. These are core issues to success, in making NIRC a self-sustaining entity, and drive towards making Norfolk Island, “the best small island in the world”. The Draft Operational Plan activities identifies the link to this plan.

The following is the Nine-point Action Plan focus areas adopted by Council on 18 March 2020 Resolution No: 2020/32:

Targets		
Water Security	Renewable Power	Island Freight
Population Strategy	Tourism Regeneration	Defence Capability
Connectivity	Environmental Advancements	Operational Challenges

Council External Audit Findings (2021) / Public Inquiry

The elected Council called for an external audit of NIRC operations in July 2020. Following the appointment of Grassroots Connections Australia Pty Ltd and Nexia Australia by the Department of Infrastructure, Transport, Regional Development & Communications, the final reports were submitted to Council in December 2020. The Interim Administrator adopted the 113 recommendations from these reports as External Audit Findings (EAF’s) on 24 February 2021 Ordinary Council meeting (Resolution No: 2021/3).

The EAF’s have now been allocated a priority of short term (first 12 months), medium term (1-2 years), and long term (2+ years), and delegated to Council Managers to deliver. A report update for each quarter will be presented to Council to update the progress of each of the EAF’s. The Draft Operational Plan activities identifies the link to an EAF.
