

OBITUARY

It is with deep regret that we advise of the passing of "Pilsener", the Bank Boys faithful dog, aged 10 years.

As a pup, he was left at the front door of the Burglar's Lane staff quarters at Christmas 1976 in a Pilsener cardboard carton. He was adopted by the Bank Boys and kept the name "Pilsener" although he was also known as the Burnt Pine Dog, Commonwealth Bank Guard Dog and a few other unmentionable names.

Since that day he has seen several Bank Boys come and go, but there was one who didn't like him. In particular we should mention Tim (Noddy) Porter with whom "Pilsener" had a special relationship.

It has often been said "if only he could speak" so that he could have recalled the many events that have occurred at 'Burgs'. Although it may be in the best interests of some Bank Boys that he remain quiet.

"Pilsener" was a social dog. He spent his days in the CTB Banking Chamber to the delight of tourists and locals alike. He was also known to frequent the RSL Club and South Pac for some nightlife although it was discovered that he was a cheap drunk.

"Pilsener" was buried at a private ceremony at Burgs. and will be eternally remembered by Bank Boys past and present. This sad loss is felt by the Bank Boys, the island and the dog community.

To "Pilsener" who was loved by all; may he rest in peace.
